Harmony Senior Mental Health

The Harmony Program at Mary Ann Morse at Heritage offers a safe, caring environment for seniors with mental health needs. Our skilled team of nurses, certified home health aides/CNAs and social workers provides this specialized support in a caring, family-like setting.

In partnership with family members, we develop a personalized plan for every Harmony resident. Our focus is to enhance each individual's strengths while promoting physical, social and intellectual engagement, along with optimal mental health.

We are committed to creating an environment in which our residents can thrive.
