

## STATE OF THE ART DISINFECTION

At Mary Ann Morse, there is nothing more important to us than the health and safety of our patients. As a non-profit, we are continually reinvesting in our patients and their care.

Our state of the art disinfection protocols include:

1. Adherence to stringent cleaning and disinfection protocols as recommended by the CDC, EOEA, DPH, and local health departments
2. Puro Sentry Mobile UV Disinfecting Units which emit broad-spectrum UV light to eliminate up to 99.9% of bacteria, viruses, and fungi in a space.
3. HaloFogger Disinfection System which generates a turbulent aerosol of concentrated micro-droplets, killing germs where they hide.
4. AirOasis air purification technology creates long-lasting airborne ions, safely clearing the air and cleaning surfaces with two highly effective ionization technologies and germicidal UV.

Outpatient Rehabilitation is part of non-profit **Mary Ann Morse Healthcare Corp.'s** comprehensive continuum of exceptional quality, affordable senior living and healthcare services in Metro West. Trusted by families for over 25 years.

## Welcome to Mary Ann Morse

Non-profit Mary Ann Morse Healthcare Center is known for its exceptional quality, state of the art rehabilitation facilities and services, which are now available on an **outpatient** basis. Whether you are recovering from surgery, joint replacement, neurological disorder, injury, or illness, our goal is to restore you to the highest levels of health, functioning, and independence possible. Our experienced clinicians provide an individualized plan of treatment and therapy designed to maximize your health and quality of life.

## Rehabilitation Services

Mary Ann Morse Outpatient Rehabilitation offers a wide range of services and treatments including physical therapy, occupational therapy, and speech therapy. Our caring team of professionals work with you to develop a customized program designed to relieve pain, improve strength and mobility, and better perform activities of daily living.

## Cutting Edge Rehabilitation

Our status as a non-profit allows us to continually reinvest in our equipment, technology, and facilities, rather than paying shareholders. A sampling of our cutting edge rehabilitation equipment includes:

### Solo-Step® Ceiling Mounted Track System

- ❁ 100% safety from any fall related injuries
- ❁ Eliminates patient fear of falling down

### SciFit Recumbent Stepper

- ❁ Builds muscles with less stress on back, hips, or knees
- ❁ Patient feels stable, secure, and comfortable

### Paramount FT-150 Functional Trainer

- ❁ Strength-building after operations or injury
- ❁ Trains the body for activities of daily life

### OmniCycle® Therapeutic Exercise System

- ❁ Assists patients who struggle with therapeutic exercise
- ❁ Neuro, Ortho, Cardio therapy modes

### OmniSWD® Shortwave Diathermy System

- ❁ Reduces pain and inflammation
- ❁ Decreases joint stiffness

### OmniVersa® Electrotherapy and Ultrasound Therapy

- ❁ Manages pain
- ❁ Relieves muscle spasms, increases range of motion

*Mary Ann Morse Healthcare Center has a 5-Star Overall Rating from CMS, and is accredited by The Joint Commission.*
